DEVELOPMENT BRANCH

FROM

C. E. SURYANARAYANA RAU, ESQ., MEM., A.I.M.E., ETC.,
Chief Inspector of Mines and Explosives in Mysore.

To Dev
12. OCT.

M. Venkatanaranappa, Esq., B.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Department,
Bangalore.

Sir,

I have the honour to state that under Rule 9, Chapter IV, Part II, Mysore Petroleum Rules, no work in any installation or storage shed is permitted between sunset and sunrise except with the permission of Government on the recommendation of the Chief Inspector of Mines and Explosives in cases where electric lighting is exclusively used. In this connection, I beg to bring to the kind notice of Government that a good deal of hardship and inconvenience is felt by the travelling public on account of Petroleum Licensees' refusal to supply dangerous petroleum after sunset in places where electric lights are not provided. In the Special License - copy submitted herewith - recently introduced into the Petroleum Rules of the Bangalore Civil and Military Station, which corresponds to License Form Q, Mysore Petroleum Rules, as revised in Government Order No. D. 1687-96/Geol. 91-30-8 dated 23-9-1931 and granted for kerbside pump installations, the following condition viz:

> "The petroleum (including acetone, wood "naphtha, methyl alcohol, etc.) may be "distributed between the hours of sunset "and sunrise from the pump provided that "the pump and any vehicle receiving "petroleum from it are illuminated by "electric light, or failing this by some "other form of lighting, provided that no "unprotected light is situated or brought "within a distance of twelve feet of the "pump."

has

has been incorporated amongst other conditions at the back of the License on the recommendation of the Chief Inspector of Explosives in India. In order to meet the difficulties of the Petroleum Licensees and the travelling public, I suggest that a similar condition be added to License Form "Q", Mysore Petroleum Rules, as condition 16.

B (reverse)

2. Under Rules 1 and 2 of Chapter V, Part II, Mysore Petroleum Rules, the period of currency of General Licenses granted in Form "G" and "H" for the transportation of non-dangerous and dangerous petroleum, respectively, is 12 months from the date of grant of such licenses. The Petroleum Rules now in force in the British Indian Provinces including those of Madras on which Mysore Petroleum Rules were based, have been amended in this respect fixing the currency of the above licenses until 31st December next following the date of issue. In this connection, I wish to state that all licenses granted under the Mysore Petroleum Rules with the exception of License in Form "M" for the importation of dangerous petroleum are current till the close of the calendar year only, irrespective of the date of grant of the licenses. For purposes of convenience, it is desirable to follow a uniform practice in this respect. I would therefore propose that the period of currency of General Transport Licenses be fixed till the close of the calendar year only.

Accordingly, I submit herewith for the consideration of Government the following draft amendments to be made to the Mysore Petroleum Rules.

Early orders of Government are solicited in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

C E Sriramamurthy

Chief Inspector of Mines &
Explosives in Mysore.

Annexure

AMENDMENTS TO THE MYSORE PETROLEUM RULES.

License Form 'Q' - Rule 6, Chapter IV, Part II.

Add the following as Condition 16 of the License:-

"The petroleum may be distributed between the "hours of sunset and sunrise from the pump "provided that the pump and any vehicle "receiving petroleum from it are illuminated "by electric light or failing this by some "other form of lighting, provided that no "unprotected light is situated or brought "within a distance of twelve feet of the "pump."

1. For Rule 1 in Chapter V, Part II, substitute the following:-

1. Continuance of the License:-

"Save as provided in Rule 7 of this Chapter, every License for the transport of petroleum shall remain in force until the 31st December next following the date of issue of the License."

2. Add the following as Rule 1-A in Chapter V, Part II.

"1-A. General Licenses for the transport of petroleum other than dangerous petroleum may be granted in Form G."

3. For the figure "1" in Rules 3, 4 and 4-A of Chapter V, Part II Substitute "I-A"

4. In Rules 2 and 9 of Chapter V, Part II,-

Delete the words "for a period of twelve months."

form clearly shows that the

license is subject to the rules for the storage of petroleum published in Notification No P.C. 5-415/ Genl 103-22-14 dated 13/3/24. As the rules in chapter I are rules applicable to storage of petroleum it is not clear how the special license under Rule 6 of chapter IV can impose conditions inconsistent with the rules of chapter I and especially rule 9. Rule 9 of chapter I has, therefore, to be amended so as to permit the supply of petroleum during nights even in cases in which no electric lighting is used. If this is done, there is no need to amend Form 'Q' at all. If rule 9 of chapter I does not apply to the license under reference there would be no legal prohibition at all to working the installations during nights

No. D 45-34 Secr 34-2

Dated, Bangalore, 7th January 1935 18 L

From

The *Secretary to the Government of His Highness the Maharaja of Mysore, Development Department.*

To

The Chief Inspector of Mines and Explosives in Mysore, Bangalore.

Sir,

With reference to your letter No.730 dated 11th October 1934 regarding certain amendments to the Mysore Petroleum Rules, I am directed to state that license in Form 'Q' is prescribed under the powers vested in Government under Rule 6 of Chapter IV of Part II of the Petroleum Rules. The Government Notification No.D.1697/Geol.94-30-8 dated 23rd September 1931 prescribing this form clearly shows that the license is subject to the rules for the storage of petroleum published in Notification No.I.C.5415/Geol. 103-22-14 dated 13th March 1924. As the rules in Chapter I are rules applicable to storage of petroleum it is not clear how the special license under Rule 6 of Chapter IV can impose a condition inconsistent with the rules of Chapter I and especially rule 9. Rule 9 of ~~the~~ Chapter I has, therefore, to be amended so as to permit the supply of petroleum during nights even in cases in which no electric lighting is used. If this is done, there is no need to amend Form 'Q' at all. If rule 9 of Chapter I did not apply to the license under reference, there would be no legal prohibition at all to working the installations during nights..

The points referred to above may be kindly examined and a report sent for orders of Government.

I have the honor to be,
Sir,
Your most obedient servant,

FROM

DEVELOPMENT BRANCH.

C. E. SURYANARAYANA RAU, ESQ., MEM., A.I.M.E., ETC.,
Chief Inspector of Mines and Explosives in Mysore.

To

M.Venkatanaranappa, Esq., B.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Department,
Bangalore.

Sir,

With reference to your letter No. D.4531/Geol.44-34-2 dated 15th January 1935 regarding an amendment proposed as condition 16 to the Special License Form 'Q,' Mysore Petroleum Rules, I have the honour to state that the General Rules for the Possession of Petroleum prescribed under Chapter I, Part II of the Mysore Petroleum Rules apply to all Licenses granted for the possession of dangerous and non-dangerous petroleum. But the Q Form License is a Special License issued in connection with the distribution of dangerous petroleum from a Kerbside Petrol Pump outfit. It is now proposed to amend only this Special License Form to facilitate distribution of petrol after sunset. If Rule 9, Chapter I, Part II of the Rules for the Possession of Petroleum is amended, petroleum could be distributed at night from any licensed installation or storage shed, which is not at all safe to be permitted. A kerbside pump installation is altogether different from an ordinary storage shed inasmuch as the petrol is delivered directly into a motor vehicle tank through a hose from a tank which is buried underground.

The Rules obtaining in British Indian Provinces (including Civil & Military Station, Bangalore) and Mysore in this respect are identical

identical. Rule 9, Chapter I, Part II remains the same in all Provinces while licenses similar to our Special License Form Q find a place in the Rules with the proposed amendment as condition 16 of such licenses. A Special License Form now current in Bombay Presidency is enclosed herewith for the information of Government.

Under the above circumstances, I request that early orders of Government may be obtained on the amendment proposed.

I have the honour to be,

Sir,

Your most obedient servant,

C E Srinivasagarachar

Chief Inspector of Mines &
Explosives in Mysore.

NOTIFICATION.

No. D. 288—Geol. 44-34-8, dated Bangalore, 10—13th July 1935.

In exercise of the powers conferred by Section 8 of the Mysore Petroleum Regulation I of 1923, the Government of His Highness the Maharaja of Mysore are pleased to make the following amendments to the Mysore Petroleum Rules :—

License Form 'Q' Rule 6, Chapter IV, Part II.

Add the following as condition 16 of the License :—

"The Petroleum may be distributed between the hours of sunset and sunrise from the pump provided that the pump and any vehicle receiving petroleum from it are illuminated by electric light or failing this by some other form of lighting, provided that no unprotected light is situated or brought within a distance of twelve feet of the pump."

1. For Rule 1 in Chapter V, Part II, substitute the following :—

1. *Continuance of the License* :—

"Save as provided in Rule 7 of this Chapter, every license for the transport of petroleum shall remain in force until the 31st December next following the date of issue of the License."

2. Add the following as Rule 1-A in Chapter V, Part II.

"1-A. General Licenses for the transport of petroleum other than dangerous petroleum may be granted in Form G."

3. For the figure "1" in Rules 3, 4 and 4-A of Chapter V, Part II, substitute "1-A."

4. In Rules 2 and 9 of Chapter V, Part II,—

Delete the words "for a period of twelve months."

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

No 285
Ecol 66-24 K.

General and Revenue Secretariat

Dated Bangalore, 17/1/1925

NOTIFICATION.

In exercise of the powers conferred by Section 8 of the Mysore Petroleum Regulation I of 1923, the Government of His Highness the Maharaja of Mysore are pleased to make the following amendments to the Mysore Petroleum Rules:-

Licenses (vide Rule 4, Chapter IV, Part II).

Add the following as condition 16 of the License:-

"The Petroleum may be distributed between the hours of sunset and sunrise from the pump provided that the pump and any vehicle receiving petroleum from it are illuminated by electric light or failing this by some other form of lighting, provided that no unprotected light is allowed or brought within a distance of twelve feet of the pump.

1. For Rule 1 in Chapter V, Part II, substitute the following:

1. Continuance of the License:-

"Save as provided in Rule 7 of this Chapter, every license for the transport of petroleum shall remain in force until the 31st December next following the date of issue of the License.

2. Add the following as Rule 1-A in Chapter V, Part II.

"1-A. General Licenses for the transport of petroleum other than dangerous petroleum may be granted in Form 6".

The figure "1" in Rules 3, 4 and 4-A of Chapter V Part II Substitute "1-A".

Rules 2 and 5 of Chapter V, Part II.

Delete the words "for a period of twelve months."

of twelve months.

By Order,
Sd. M. Venkatanaranappa

Secretary to Government,
Development Department

To

The Compiler, Mysore Gazette for publication in the Gazette with a request that 50 copies of the Notification may be supplied to the Chief Inspector of Mines and Explosives and to the Accountant General's Office.

Sir,

I have the honour to invite your kind reference to my letter No.730 dated 11th October 1934 re: certain amendments to the Mysore Petroleum Rules, and to request you to be so good as to obtain early orders of Government on the amendments proposed especially that relating to License Form "Q" as Petroleum Licensees have been urging for its early adoption.

I have the honour to be,

Sir,

Your most obedient servant,

C E Suryanarayana Rau

Chief Inspector of Mines &
Explosives in Mysore.
